

# RediTALK-Flex

Easy to Use & Flexible Standalone Dispatch Software

 **SML - MED Org**  
<12 operators  
<12 channels

## Why RediTALK-Flex?

### Easy

Simple to install, maintain and use. With minimal training.

### Cost Effective

Easily customizable to fit the needs of any organization.

### Mapping

Make calls from your map with built-in location features.

### Geofencing & Tracking

Harness the full power of GPS, incl. historical tracking.

## Overview

### Easy to Use & Flexible

Regardless of whether your organization is protecting the community, delivering a service or driving commerce and industry, you want the best dispatch management system to carry out your mission in a reliable and efficient manner.

RediTALK-Flex is a pure Voice over IP dispatch system that runs on a standard Windows™ PC or tablet. It's quick to install, easy to use and easy to maintain. Absolutely perfect for small to medium sized organizations.

“ Omnitronics RediTALK solution allowed us to meet the operational needs for managing multiple radios in a simple to deploy and cost-effective manner.

GRAHAM TAIT, NSW Fire & Rescue

## omniconnect

### Interoperability Included

Need to connect people, technologies, protocols and manufacturers? **omniconnect** interoperability makes it easy.

What's more, RediTALK-Flex works with both conventional and trunked systems, digital and analog radios, and also supports traditional analog signalling schemes and modern digital technology. Connecting DMR, P25, Tetra and more? No problem.
